

LAKE MATINENDA COTTAGE ASSOC

BOX 772 BLIND RIVER ONTARIO PORIBO
 PRESIDENT JERRY BEHNKE TREASURER ROLAND VILLENEUVE Feb.27/89
 SECRETARY GRAYDEN DECAMP

With only one month of winter left here in the north, it is time to let yourself think of some summer thoughts on Lake Matinenda. It has been a normal type winter up here with lots of snow for snowmachining, ice fishing and skiing.

The MNR final "Fisheries Management Plan" will be released at the end of March with copies available after mid-April. Although not official, I have heard from reliable sources that there will be no fishing season change, there will be only one line per person in winter, daily trout limit is reduced to 2 per person and there will be no ban on downriggers.

The MNR contracted out a study of the lake trout spawning beds on Matinenda in Nov./88. They captured and released 117 trout whose mean length was 55 cm (22in.) and whose lengths ranged from 41 cm (16in.) to 81.5 cm (32in.). They observed another 200 trout with spot lights. They were pleased with what they saw and feel that the results are further evidence of a healthy fishery. I have a copy of the report if anyone wants to read it.

Log Chateau has not heard anything from the Federal government concerning the docks, but you can expect at least overnight parking fees and boat launching fees when you arrive this year.

Attached is the treasurers report from Rolly Villeneuve with a reminder that he will receive 1989 dues (still \$20) at anytime.

The annual meeting is set for Sun. July 16/89 at Log Chateau at 11:00 a.m.

TREASURER'S REPORT

Balance as at Dec. 31/87		2,127.02
